Rev. David Root

Dear Brother Phelps. I have only to

say that I am engaged to the Parent Society at a 1000 dollars a year & travel-  
ing expenses & expect to go into the  
State of Connecticut with the consent  
of the Comtee Board at Hartford in the  
course of 6 or 8 weeks. If you have a  
mind to confer with the executive  
committee at N. York & obtain their  
consent I think I should prefer to la-  
bour in the Western part of Massachusetts  
in your behalf.

In regard to the other matter I will  
endeavour to do that is best -

Yours David Root

P.S. In that case I should make Springfield  
my head quarters I think -
